

Prince George's County Public Schools

FREE Virtual Math Tutoring

in Partnership with Carnegie Learning

Free Math Tutoring for High School Students

Math tutors will assist students with independent assignments in *Algebra 1 & 2*, *Foundations for College Algebra*, *Geometry*, *Applications in Algebra*, *Quantitative Modeling*, *Probability & Statistics*, *Maryland College and Career Readiness Mathematics (MCCR)*, *Trigonometry*, *PreCalculus*, and *Calculus*. They will also teach students mathematical concepts, processes, and computations within these courses. Tutors will interact virtually with students to discuss and go over math coursework and any questions they may have about mathematics. Tutors will offer encouragement and support to keep students motivated and ready to learn.

Tutoring sessions GO LIVE Monday, January 11, 2021

Live Tutoring: CarnegieLearning.com/PGHStutors
