Dear Parents,

This spring all students in the state of Maryland enrolled in grades three through eight as well as students taking English 10, English 11, Algebra 1, Algebra 2 and Geometry will participate in Maryland's Comprehensive Assessment Program (MCAP) English Language Arts and Mathematics tests. Federal guidelines require Maryland to test in both English/Language Arts and Mathematics each year in grades 3-8 and by selected high school content courses. The Maryland Comprehensive Assessment Program (MCAP) test will help measure students' mastery of English Language Arts, Literacy, and Mathematics.

Our testing window at DKFI begins April 25th and ends May 20th. Students needing to participate in make-up testing may test through Friday, May 27th. During this window your student will participate in both ELA and Math testing, using a computer device to access the test. Different grade levels will participate in the tests over the course of the testing window, according to our school's testing schedule below.

Date	Subject Area	Grade levels to be tested
April 25-26, 2022	ELA	5 th & 8 th grade
April 27-28, 2022		4 th & 7 th grade
May 4-5, 2022		3 rd & 6 th grade
May 9-10, 2020	Math	5 th & 8 th grade
May 11-12, 2020		4 th & 7 th grade
May 17-18, 2020		3 rd & 6 th grade
May 19-27, 2020	Make up	3 rd -8 th grade

It is extremely important that your child is in school every day and on time when their grade or class is scheduled to test. Remember that MCAP English Language Arts and Mathematics begins on Tuesday, April 25th and continues through Friday, May 27th, according to the schedule noted above.

WE NEED YOUR HELP TO MAKE SURE YOUR STUDENT DOES HIS OR HER BEST JOB. PLEASE...MAKE SURE...

1. Your child arrives at school on time.
2. Your child eats a substantial breakfast in the morning that will give him/her the necessary energy and alertness for participation in the testing.
3. Your child gets a good night's sleep the night before each testing day.
4. Your child is in school every testing day. Children absent on a testing day will participate in make-up testing.
5. Please encourage your child to do his/her best!

Thank you for your help. We know our students will do their best! Should you have any questions, please call the school.
