October 1, 2021

Dear Parent(s) and/or Guardian(s):

We are updating our student information forms and are excited to announce that all pertinent student information is now housed on one form. Please complete and submit a form for each of your students. Each submission may take approximately 15 minutes or less. [Click here to access the Student Information Form.]

**The form contains the following information:**

- Student Emergency Contact Information
- Student Publicity Release Form
- Consent for Covid Testing

Parents who give consent for your student(s) to be randomly tested for Covid must register via the links provided below which are in both English and Spanish.

[English Registration Link]
[Spanish Registration Link]

- Students must have a signed consent form (electronic registration) in order to be tested
- Students who refuse testing will not be tested and refusal will be documented by the examiner
- A staff member will accompany CIAN while students are being assessed
- The school nurse or Principal’s designee will randomly select the 10% of students who will be tested

Thank you for your attention to this important matter.

With kind regards,

T. Spivey White

Tracey Spivey White
